NOVEMBER – DECEMBER 2012 NEWSLETTER

Hi Everyone, hoping you're all well. Wow, I can't believe we're coming to the end of another year. There's certainly been a few changes this end. I think I've nearly revamped every product / service line I offer. Plus the new stationary look too. Speaking of new products I've got some gorgeous ones I can't wait to tell you about. Check them out below. As some of you may have noticed my newsletters have dropped off to every 2 months now. Time just seems to be flying out the window & before you know it another month has blinked by. Hey, at least you get an extra month to work out those brainteasers. Did you guess the answers? Try : because she was walking, a river & roman numerals iv. ☺
And lastly & most importantly I want to say a big Thank You to all my wonderful clients for your support & patronage throughout the year. Have a merry xmas & happy new year, All the best & see you soon, Jennie

THERMASOFT – what is it

It's a fantastic no mess single use product that provides deep heat & moisture therapy to your hands or feet.

This treatment can be enjoyed by itself or with other services too. Basically it's a pair of mittens or booties that contains a special blend of moisturisers & soyaffin that soaks in & hydrates the skin while the special heating technology helps to soothe the joints & muscles.

This is also great for arthritis & dry skin.

Come in & try it for only \$15 for the hands or \$20 for the feet today ☺

ALGOLOGIE – what is it

It's a beautiful & soothing marine based facial range from France. I studied with this range at Helene Abicair a while ago & loved it. Although my previous facial range was ok, I have to say Algologie is just gorgeous & I'm very excited about being able to provide you with this wonderful product. The gentle ingredients & aromas are so soothing to the skin & the senses. Plus there's a huge variety of products to choose from. This facial service is commonly available at day spas, but with a lot heftier price tag. As always I try to look after my clients, so while I'm working out usage & costings of this beautiful product, you get to try it out at my current price of only \$55.00 an absolute bargain ☺
