### MARCH - APRIL NEWSLETTER

Hi Everyone, Hoping you are all well.

Gosh I can't believe we're in March. The year is just disappearing. Well, we made it back safely from our very interesting trip to Thailand. Maybe not as planned but all in all, pretty fantastic anyway.

I guess one of the most valuable things I got from this trip was actually going. Of setting a goal that seemed so unattainable, but persevering, having faith in myself and amazingly making it there no matter the challenges on the way. What's that saying... "The journey along the way, is just as important as reaching the destination". So true...

I also managed to read a very insightful book called "The Power of Habit", by Charles Duhigg. It's about learning how to change small, every day habits that can make a big difference in your life. I stumbled across it via a website called Nerdfitness.com which gives a different take on health & fitness by finding ways to chill out, enjoy life & level up. The book is even helping me to tame Maggie's crazy welcome bark ☺

Feel free to check either out. They helped me, maybe they can help you. Speaking of help, how'd you go with last month's Brain Teasers.. Does : Ton, Your Age, Rock-et, Car -Nation & All, sound about right? I've got some more tricky ones this month, plus some cool freebies too. So grab a cuppa, chill out & happy reading. Talk soon, Jennie Gipp

### **BRAIN TEASERS...**

What do you throw out when you want to use it, but bring it in when you don't want to use it?

I travel around the world, but never leave the corner?

What is something you can take from & then it will get bigger ?

You can feel it but can't touch it, you can hear it but can't see it. What is it ?

What has two arms & a neck but no head ?

What has teeth but can't bite?
