September & October 2012 Newsletter

Hi Everyone, hoping you're all well. How did you go with the brain teasers & info on goal setting from my last newsletter? It was fun to hear your guesses. For those who are still guessing, try maps & computers ☺ As for goals, I actually achieved one of them. I haven't seen midnight for nearly 3 weeks now, yehhh. It's amazing what getting up early & turning the computer off at night can achieve. I'll work on the walking one when morning driving lessons finish ☺. This month I have some great specials & more cool info to share with you. So grab a cuppa, have a quick read & give me a call for some pampering when you can. Talk soon, Jennie

HAPPY BIRTHDAY

To all my wonderful clients for September & October

There's now over 80 of you just for these two months, a little too many to list on one page ☺

I wish you all the best & hope you enjoy your special gift.

BRAIN TEASERS

1. A girl who was just learning to drive went down a one-way street in the wrong direction, but didn't break the law. Why?
2. What can run but never walks, has a mouth but never talks, has a head but never weeps, and has a bed but never sleeps??
3. When is four half of five?
