SEPTEMBER - OCTOBER 2014 NEWSLETTER

Hi Everyone, Hoping you're all well. OMG what an amazing few months it's been. After 5 years in business & more renovations, I've finally made the decision to add a staff member named Libby to my business. She's been a client of mine for a few years & working in the beauty industry for many more. Although she predominantly does amazing quality acrylic nails that last appx 4 weeks. She also does manicures, gels & pedicures. This is fantastic news as now I can cater to clients who want acrylics, plus 2 people at once like couples, friends or family members who want other services together like pedicures. Yep you heard right. We can now do two pedi's at once with my new set up. Check out the photos on my website for more details. I've also added a new 3 week Gel product range called Gelish that I'm going to tell you more about below. Plus Nose & Ear Waxing are now available.... So grab a cuppa & have a read. See you soon, Jennie Gipp ☺

MANICURES, GELISH, SHELLAC & ACRYLIC NAILS...

If you're a bit like I was prior to entering the industry, you may have heard of these terms but really had no idea what they were. Let alone which would be best for you & your circumstances.... Hopefully I can take away some of the confusion with an insert from my latest pricelist.

MANICURES: Are great for clients who want to look & feel special with a temporary maintenance free spruce up to their nails. Polish can easily be removed with nail polish remover or acetone when needed.

SHELLAC / GELISH SOAK OFF GELS....

Both products are from the usa & my retail price is the same, but the wearability isn't. They are both great & will suit different circumstances. Both come with a manicure & give you the look of polish over your natural nails which lasts 2 - 3 weeks respectively. They are fairly gentle on your natural nails as long as you don't peel them off. PLUS a gentle soak off is included free with your next set.

CND SHELLAC: is a Hybrid product with UV3 technology. It adheres to healthy natural nails & lasts appx 2 weeks.

GELISH (NEW): is a Keratin based product which is what our nails are made up of. It has ingredients that help repair damaged nails. It's harder wearing & adheres to healthy or damaged nails & lasts appx 3 weeks. ☺

ACRYLIC NAILS: These beautiful customised nails are perfect for clients who want the instant look, strength & length of quality acrylic nails that last appx 4 weeks. Starting with a clear tip or form, french, colours & artworks are created before your very eyes. No need to damage your nails with ripping tips off like other places may do. Instead keep these quality nails looking & feeling great with a refill or rebalance that lasts up to another 4 weeks. With a growing colour range to choose from & Libby's amazing artistic technique, I'm sure you will find a combination that you'll just love. xxx
